<p>Treasurer's report:</p>	<p>About 6 thousand dollars in ASLHS 'orders' have come in – but we have no way of knowing if the orders are going out. Bill only handles the money. All ASLHS forms are on the website.</p> <p>Bill is testing out the new website "payment" functions. Working with the website development team on many details such as Evaluation page, chapter page, etc. KUDOS to Bill for his patience and thoroughness in working through all this.</p> <p>Working on one last letter to send out to certified members (the 4th warning) to tell them if they do not pay their back dues, they will lose their certifications. Keri said she's hearing people wondering if it is worth it to pay their back dues if the certification system is changing. Timo shared that he doubts the new certification system will be up for another two years – many questions remain about the system and there's in need of a transition plan.</p>
