July 29 – August 1, 2021

Greetings, 2021 Conference Participants!

On the behalf of the ASLTA Board, welcome to our 11th Biennial ASLTA National Professional Development Conference (NPDC), hosted by the Ohio ASLTA Chapter! It is quite amazing that we can convene through a virtual conference this year. I want to salute the conference co-chairs and the entire conference committee for their countless hours of volunteer work to make this virtual conference possible for you and other conference participants.

Since the 2019 conference in San Diego, our organization has had a total of 13 working committees. We, the Board, appreciate our members who serve on these committees and who have shown their dedication and commitment to improve our organization and to help ASLTA move to the next level by their exemplary service. We would not have been able to accomplish our ongoing work without their support.

We appreciate your involvement and commitment to maintaining your professionalism with ASLTA by renewing your membership annually, participating in the local/state ASLTA chapter, obtaining and/or maintaining your ASLTA certification, casting your votes on the ASLTA bylaws, attending ASLTA virtual trainings or courses, serving as a volunteer on a committee, and continuing support the ASLTA organization.

I am confident that your participation at ASLTA's first-time virtual conference will result in tremendous learning and making new connections with ASL educators with diverse backgrounds. Such connections build a tremendous sense of our ASL professional community among the conference attendees; this sets the stage for long-term ASLTA relationships. We trust that you will enjoy the virtual conference experience. Please feel free at any time to give us feedback. Thanks for attending and being part of the ASLTA community; we look forward to supporting you in your journey to performance excellence as an ASL educator.

OhioASLTA

American Sign Language Teacher's Association

July 29th – August 1st, 2021

Hello Participants!

We, as OhioASLTA, welcome you to our first virtual ASLTA National Professional Development Conference (NPDC)! We are thrilled to share our conference theme; CONNECT – COMMUNICATE – and COLLABORATE. We want to take a moment to thank the conference co-chairs, Arlon Nash and Lori Woods as well as the conference committee for their dedication. Without their dedication and hard work, this NPDC 2021 would not be possible.

With an abundance of different topics provided by our presenters – we hope that you take advantage of vast topics and information towards your teaching journey and experiences. It is crucial that our ASL educators maintain their education to ensure students benefit the most from our knowledge.

We are positive that your participation at our first virtual conference will enhance your learning journey as well as expand your networking with other ASL educators.

Thank you for attending and being a part of the ASLTA and OhioASLTA community.

Enjoy your learning journey at the conference with us!

Connecting Life

Experience the best possible VRS with easy-to-use, cutting-edge technology. Connect Life through the clearest video, greatest features, and highest-quality Sorenson Relay interpreters available!

Sign up today at svrs.com/apply or download our app:

© 2020 Sorenson Communications, LLC. If you choose Sorenson as your default provider, you can port your existing 10-digit number to Sorenson from another provider or Sorenson can provide you with one for the geographic area where you live or work. If you later change your default provider, you can port your number to that provider. When selecting Sorenson, you must provide to Sorenson the physical address (i.e., the Registered Location) from which you are placing the call, so that Sorenson can properly route any 911 calls you may make. If you move or change your location, you must notify Sorenson immediately. You can update your Registered Location from your Sorenson videophone by calling 800-659-4810 or by visiting www.svrs.com/moving. Sorenson will confirm receipt of your Registered Location information. Emergency calls made via internet-based TRS may not function the same as traditional E911 service. For example, you may not be able to dial 911 if there is an internet-service failure or if you lose electrical power, and your 911 call may not be routed correctly if you have not updated your Registered Location. For more information on the process of obtaining 10-digit numbers and the limitations and risks associated with using Sorenson's VRS to place a 911 call, please visit Sorenson's website: www.sorenson.com/disclaimer. For more information on toll-free numbering, please visit www.svrs.com/tollfree.

Greetings American Sign Language Educators, Tutors, Mentors:

The co-chairpersons Arlon Nash and Lori Woods and the Virtual Conference Committee are honored and delighted to host the 2021 ASLTA National Professional Development Conference. Our virtual conference theme this year is *“Connect”, “Communicate” and “Collaborate”*. As ASL educators, tutors, mentors etc. we must continue networking, staying up-to-date and working together to shape the future of our profession and to keep our common goal of teaching American Sign Language strong.

Our hope for those participating in the various workshops, meetings, discussions, visiting the exhibit booths, etc. is that these experiences will boast and renew your teaching experiences. We hope you will take advantage of the exceptional workshops and opportunities designed to increase your knowledge and skill in a way that benefits both you and your students.

We would like to extend our gratitude to the presenters for providing excellent teaching workshops on a variety of subjects. We would also like to extend a special thank you to the ASLTA Board and Virtual Conference Committee who took time away from their busy schedules to volunteer and make this conference a success. Your dedication and extra work required to make a virtual conference successful are commendable!

We hope that you enjoy the conference with us!
